JANUARY—DECEMBER 1990 VOLUME 35

## IDENTIFICATION CODES

cd— Clinical dialogue  
ed— Editorial  
efm— EFM today  
et— Equal time  
mu— Malpractice  
nl— News  
oa— Original article  
pc— Pediatric consultation  
pq— Pathology quiz  
sy— Symposium  
*Special issues:*  
I90— Issues in Ob/Gyn  
S90— Update on Surgery  
T90— Technology

## AUTHORS

**Acker D**  
Instrumental delivery in the 1990s: a commentary. 58-61, 190, oa

**Aldrete JA, Santos EG**  
Recognizing aspiration pneumonia. 61-78, Mar, oa

**Anderson JR, Wilson MD**  
Caring for teenagers with salpingitis. 103-111, Aug, oa

**Anderson KL** see **Tyrer LB**

**Apuzzo JJ**  
Low risk of methemoglobinemia with local anesthetics. Author's reply. 158, May, et  
Preventing and treating viral influenza during pregnancy. 51-54, Nov, oa

**Apuzzo JJ** see **Chez RA**

**Attrash HK, Lawson HW, Smith JC**  
Legal abortion in the US: trends and mortality. 58-69, Feb, oa

**Averette HA, Burghardt E, DePetrillo AD, Landoni F, Nelson JH**  
How radical should surgery be for cervical Ca? 91-107, Jul, sy

**Averette HA** see **Queenan JT**

**Baak J** see **Richart RM**

**Bachmann GA, Moeller TP**  
Sexual dysfunction in postmenopausal women. 25-32, Mar, oa

**Baggish MS**  
Roundup of surgical lasers. 99-133, T90, oa  
Selecting a laser in 1990. 49-57, Dec, oa

**Baggish MS, Danielli JF, Diamond MP, Luciano AA**  
Performing safe laser laparoscopy. 76-89, S90, sy  
Pitfalls of endoscopic laser surgery. 124-141, May, sy

**Bagshawe KD** see **Berek JS**

**Baker DA**  
Dangers of varicella-zoster virus infection. 51-57, Apr, oa  
Varicella infection: Expedite delivery? Author's reply. 15, Nov, et

**Baker DP, Capen CV**  
Principles of vulvoplasty put into practice. 75-92, S90, oa

**Baker VV, Hatch KD**  
Bulbocavernosus reconstruction after extirpation. 57-59, Mar, oa

**Ballad R**  
Chemical dangers to reproduction—what the clinician can do. 129-134, Jan, oa  
Malpractice. 175-178, Jan; 144-146, Feb; 167-168, Mar; 177-190, 190; 161-170, May; 123-144, S90; 109-124, Jul; 138-144, Aug; 128-132, Sep; 89-92, Oct; 119-129, Nov; 127-130, Dec, mu

**Bast RC** see **Berek JS**

**Bawdon R**  
TSS—still important. 23-24, Feb, oa

**Beach RK**  
Breast exam: protect, reassure, educate. 41-57, Feb, oa

**Berek JS, Bagshawe KD, Bast RC**  
Monoclonal antibodies' role in combating gynecological malignancies. 109-120, Feb, sy

**Berkowitz RL** see **Chez RA**

**Brooks PG**  
More tips on gynecologic resection. Author's reply. 156-158, May, et  
Resectoscopes for the gynecologist. 51-57, T90, oa

**Burghardt E** see **Averette HA**

**Burnhill MS**  
Clinician's guide to counseling patients with chronic vaginitis. 37-44, Jan, oa

**Capen CV** see **Baker DP**

**Chang RJ, MacKay HT**  
Current perspectives on low-dose OCS. 13-26, Dec, oa

**Chez RA**  
Help for abused women. 168, Jan, et

**Chez RA, Apuzzo JJ**  
Anesthesia for newborn circumcision. 108-112, Jan, cd

**Chez RA, Berkowitz RL**  
Multifetal pregnancy reduction. 91-94, 190, cd

**Chez RA, Hindle WH**  
Fine-needle aspiration of breast masses. 25-32, T90, cd

**Chez RA, Katz M**  
Reducing prolapsed membranes. 48-53, Oct, cd

**Chez RA, Socol ML**  
Tap test for fetal lung maturity. 43-44, Sep, cd

**Chez RA, Timmons MC**  
Evaluating the ureters with telescopic. 81-82, Nov, cd

**Clark SL**  
Can induced FHR accelerations guarantee fetal well-being? Author's reply. 172, Jan, et  
How a modified NST improves fetal surveillance. 45-48, May, oa  
Staying alert for placental abruption. 85-98, Sep, oa

**Clement D** see **Schiffrin BS**

**Cohen GR** see **Yeast JD**

**Cohen H** see **Cohen M**

**Cohen M, Cohen H**  
Current recommendations for viral hepatitis. 56-79, Nov, oa

**Cullins VE, Huggins GR**  
Disorders leading to amenorrhea. 67-82, Sep, oa

**Cunningham FG** see **Lowe TW**

**Damewood MD**  
What factors underlie premature ovarian failure? 31-42, May, oa

**Danielli JF** see **Baggish MS**

**Dawson J**  
Varicella infection: Expedite delivery? 15, Nov, et

**DeCherney AH** see **Hershlag A**

**DeCherney AH** see **Meyer WR**

**DePetrillo AD** see **Averette HA**

**DeLaney JJ**  
Alternatives to abortion. 119-120, Aug, et

**Demarini S, Tsang RC**  
What causes neonatal hypocalcemia? 107-121, May, oa

**Diamond MP** see **Baggish MS**

**Diamond MP** see **Meyer WR**

**Dinsmoor MJ**  
Group B streptococcus still poses a challenge. 93-104, May, oa

**diZerega GS** see **Hickey MJ**

**Dombrowski MP, Sokol RJ**  
Cocaine and abortion. 13-19, Apr, oa

**Duff P**  
Screening for hepatitis B: why, how, who? 11-14, 190, oa

**Economos K** see **Tancer ML**

**Eden RD**  
Consider prostaglandin gel for cervical ripening. Author's reply. 15, Nov, et  
Labor induction by prostaglandin gel. Author's reply. 143, Feb, et  
Standards of care can pose problems but also accord protection. Author's reply. 76-78, Apr, et

**Elías S** see **Meyers CM**

**Entman SS**  
Antihypertensive therapy: What is optimal? 168, Jan, et

**Evans ML, Fletcher JC**  
Fetal reduction during the first trimester. 29-34, Aug, oa

**Fanti JA**  
Role of hysterectomy in paravaginal surgery. 95, Oct, et

**Fletcher JC** see **Evans ML**

**Freeman JM** see **Wallach EE**

**Freeman RK** see **Queenan JT**

**Friedman A** see **Speroff L**

**Fu Y** see **Richart RM**

**Gabbe SG**  
Diabetes mellitus: ways of individualizing care. 68-78, Jul, oa  
Latest methods of determining fetal lung maturity. 89-94, Feb, oa

**Garite TJ**  
FHR and contraction channels point to uterine rupture. 14-19, May, elm

**Garite TJ, Heppard MCS**  
Severe preeclampsia at 26 weeks. J-22, Mar, elm

**Garite TJ** see **Pirron R**

**Garite TJ** see **Towers CV**

**Gibson M**  
Chronic sequelae of salpingitis. 13-16, Jan, oa

**Giletrap LC** see **Wendel GD**

**Glickman M** see **Hershlag A**

**Gonik B**  
Bacteremia and septic shock. 34-39, Apr, oa

**Goodlin RC**  
Can induced FHR accelerations guarantee fetal well-being? 170-172, Jan, et

**Goodnough LT**  
Cost defers autologous transfusion. Author's reply. 127, Sep, et  
Potential uses of recombinant human erythropoietin. 40-49, Apr, oa

**Gorski TN**  
Consider prostaglandin gel for cervical ripening. 15, Nov, et

**Granger D** see **Hershlag A**

**Grimes DA, Mischell DR, Tatum HJ**  
Bad rap for IUDs? 14-21, Feb, et

**Grossman JH**  
Why congenital rubella continues to occur. 7-14, Aug, oa

**Harger JH**  
Genital herpes infections. 83-91, May, oa

**Hatch KD** see **Baker VV**

**Hausner K**  
Type of surgical tool crucial to outcome of laparoscopy. 168-170, Jan, et

**Heimkamp BF** see **Krebs HB**

**Hemzell DL**  
Post-hysterectomy cuff and pelvic cellulitis. 39-46, Nov, oa

**Heppard MCS** see **Garite TJ**

**Hershlag A, Granger D, Glickman M, DeCherney AH**  
Transcervical approaches to proximal tubal obstruction. 84-96, Nov, oa

**Hickey MJ, diZerega GS**  
Recent advances in adhesion prevention. 14-26, S90, oa

**Hillard PA, Rebar RW**  
Abnormal uterine bleeding needs a special approach. 51-68, May, oa

**Hindle WH** see **Chez RA**

**Hirsch HA**  
Modification of the Marshall-Marchetti-Krantz operation for SUI. 83-88, Jul, oa

**Hodgen GD**  
Uses of GnRH analogs in IVF/GIFT. 10-24, Jun, oa

**Hoskins WJ** see **Williams LW**

**Huggins GR** see **Cullins VE**

**Huggins GR** see **McGonigle KF**

**Johns A**  
Type of surgical tool crucial to outcome of laparoscopy. Author's reply. 170, Jan, et

**Jones MW, Kurman RJ**  
New ways of managing endometrial hyperplasia. 36-46, Dec, oa

**Karlan BY, Lagasse LD**  
Conservative management of vulvar cancer. 27-35, Jun, oa

**Katz M** see **Chez RA**

**Kaunitz AM**  
Long-acting progestin contraceptives. 59-70, T90, oa

**Korff BR**  
Molecular diagnosis of Duchenne/Becker muscular dystrophy. 27-54, Jul, oa

**Krebs HB, Heimkamp BF**  
Examining the aging cervix. 27-35, Nov, oa

**Kurman RJ** see **Jones MW**

**Lagasse LD** see **Karlan BY**

**Lagrow DC**  
Strategies for managing emboli in pregnancy. 113-126, Jan, oa

**Landoni F** see **Averette HA**

**Lansman HH** see **Robertson EG**

**Larsen B**  
STD: assessing the last decade and the next. 58-70, Dec, oa

**Lavender DE** see **Strama T**

**Lawson HW** see **Attrash HK**

**Leach RE, Ory SJ**  
Treating the problem pregnancy without surgery. 149-160, 190, oa

**Ledger WL**  
Guidelines for choosing prophylactic antibiotics. 27-32, Oct, oa

**Lepore VD**  
Low risk of methemoglobinemia with local anesthetics. 158, May, et

**Levinson CJ**  
Merits of other options. 132-134, 190, oa

**Lery MJ, Stillman RJ**  
Reproductive surgery and the DES uterus. 97-102, S90, oa

**Lewis SM, Richart RM**  
Nodule appearing on vulva. 97-100, Nov, pq  
Placental lesion: squamous metaplasia of amnion. 12, Oct, pq

**Lockwood CJ**  
Placenta previa and related disorders. 48-68, Jan, oa  
Taking advantage of transvaginal sonography. Author's reply. 124, Sep, et

## EDITORIAL INDEX

### Lonano JM

Performing cholecystectomy by laser laparoscopy. 9-23, T90, oa

### Lowe TW, Cunningham FG

Adult respiratory distress syndrome. 49-55, Sep, oa

### Luciano AA see Baggish MS

### Luciano AA see Wallach EE

### Machol L

IVF clinics: Are the programs delivering what they promise? 138-146, 190, oa  
News. 181-186, Jan; 149-154, Feb; 170-176, Mar; 90, Apr; 195-200, 190; 172-176, May; 100, Jun; 11-12, S90; 146-150, Aug; 134, Sep; 130-140, Nov, nl

### MacKay HT see Chang RJ

### March CM

Hysteroscopic resection of submucous myomas. 59-66, S90, oa

### Margolis HS

Case for universal screening of pregnant women for hepatitis B infection. 16-28, 190, oa

### Maximovich A

Minimal endometriosis: To treat or not to treat? 131-135, Mar, et

### McGonigle KF, Huggins GR

Tubal sterilization: epidemiology of regret. 15-24, Oct, oa

### McHattie TJ see Ptasinaki J

### McLucas B

Dextran 70 stays in circulation. 135-136, Mar, et

### McRae W

Hormone replacement therapy: risk vs. benefit. 192, 190, et

### Mead PB

Postpartum endometritis. 29-34, Dec, oa

Meyer WR, DeCherney AH, Diamond MP  
How good are the new adhesion-reduction  
adjuvants? 81-84, Mar, oa

### Meyers CM, Elias S

Genetic screening for mendelian disorders. 56-82, Aug, oa

### Mishell DR see Grimes DA

### Moeller TP see Bachmann GA

### Morrison JC

Is tocodynamometry useful? Yes. 96-112, 190, oa

### Morton WJ see Strama T

### Muller U

Searching for the testis-determining factor. 22-32, Apr, oa

### Nageotte M

How we can lower the C/S rate. 63-74, 190, oa

### Nelson JH see Averette HA

### Niebyl JR

Detecting signs and symptoms of incompetent cervix. 37-46, Oct, oa

### O'Grady JP

Role exists for vaginal instrumental delivery. 49-56, 190, oa

Unexpected problems at cesarean section. 86-100, Mar, oa

### O'Grady JP, Youngstrom P

Must epidurals always imply instrumental delivery? 19-27, Aug, oa

### Ory SJ see Leach RE

### Oski FA see Wallach EE

### Phelan J

Should we lower the C/S rates? 74-88, 190, oa

### Pircon R, Garite TJ

What did the fetal bradycardia mean? 20-22, Sep, elm

### Porreco RP, Troyer LR

Meeting the challenge of dystocia in primigravids. 54-63, Oct, oa

### Porte M

Home uterine activity monitoring: Essential tool or expensive accessory? 114-123, 190, oa

### Pringle P see Richart RM

### Pruett KA see Strama T

### Ptasinski J, McHattie TJ

Standards of care can pose problems but also accord protection. 76, Apr, et

### Queenan JT

Aging: mean truth between the extremes. 8-11, Nov, ed

Authors! Authors! 9-10, May, ed

Bullish on the '90s. 9-10, Feb, ed

Help! The gap is widening. 7-8, Mar, ed

Issues and answers. 8, 190, ed

Lessons from the Eastern front. 9-10, Jan, ed

Partners in the delivery room: a natural evolution. 8-11, Aug, ed

Preparing for the inevitable. 8-11, Oct, ed

Reach out and touch someone—if you can. 7, Apr, ed

Right in her own backyard. 7, Jun, ed

The golden years don't always glisten. 8, Sep, ed

Ultrasound: images from the world at large. 8-11, Dec, ed

Why add to our trials? 9-10, Jul, ed

Queenan JT, Averette HA, Freeman RK, Mead PB, Niebyl JR

Future of the specialty. 136-151, Jan, sy

### Rebar RW see Hillard PA

### Reid R

How HPV testing helps the clinician. 31-34, 190, oa

### Repke JT

Phenylephrine promising but not proven. 138, Feb, et

### Resnik R

Managing SLE during pregnancy. 67-75, Jun, oa

### Richardson AC

How to correct prolapse paravaginally. 100-114, Sep, oa

### Richart RM, Baak J, Fu Y

Exploring clinical applications of quantitative cytometry. 102-129, Mar, sy

### Richart RM, Pringle P

How to select a cryosurgical unit. 73-81, 190, oa

### Richart RM see Lewis SH

### Richart RM see Wright TC

### Riggs JA

Absorbable staples' value after hysterectomy. 105-120, S90, oa

### Robertson EG, Lansman HH

Sacral colpopexy with a dura mater graft. 58-63, Apr, oa

Vaginal prolapse repair with sacrospinous ligament fixation. 71-80, May, oa

### Robinson DR

Labor induction by prostaglandin gel. 143, Feb, et

### Rock JA see Wallach EE

### Rosen MG

System is broken. 75-76, Apr, et

### Rothbart B see Tyrer LB

### Santos EG see Aldrete JA

### Sanz LE

Striving—successfully—to keep abreast. 9, S90, ed

Surgical management of the hemorrhaging patient. 37-52, S90, oa

Sutures: a primer on structure and function. 99-106, Feb, oa

### Schiffman M

Arguments against routine clinical use of HPV assays. 34-46, 190, oa

### Schiffrin BS, Clement D

Assessing fetal monitoring. Author's reply. 114-119, Aug, et

Why fetal monitoring remains a good idea. 70-86, Feb, oa

### Schiaff WD

Treating myomas and endometriosis with GnRH analogs. 26-36, Feb, oa

### Seibel MM

Minimal endometriosis: To treat or not to treat? Author's reply. 135, Mar, et

### Sever JL

Toxoplasmosis. 13-17, Mar, oa

### Shettles LB

Etiology of discordant twins. 120, Aug, et

### Sibai BM

Preeclampsia-eclampsia: valid treatment approaches. 84-100, Aug, oa

### Simpson JL

Genetic causes of spontaneous abortion. 25-40, Sep, oa

### Smith JC see Atraash HK

### Socol ML see Chez RA

### Soderstrom RM

Case for unipolar sterilization. 125-132, 190, oa

Electrosurgery's advantages and disadvantages. 35-47, T90, oa

Implants, endoscopes, and more. . . 6, T90, ed

Unusual and non-gyn uses of laparoscopy—a roundup. 55-56, S90, oa

### Sokol RJ see Dombrowski MP

### Speroff L

Breast cancer and postmenopausal hormone therapy. 71-82, Jan, oa

Hormone replacement therapy: risk vs. benefit. Author's reply. 192, 190, et

### Speroff L, Friedman A, Wolf DP

Who benefits from intrauterine insemination with washed sperm? 65-77, Oct, sy

### Stillman RJ see Levy MJ

Strama T, Lavender DE, Goodlin RC, Pruett KA, Morton WJ

Physicians as witnesses: detriment or duty? 73-76, Dec, et

### Strobino BA see Williams CL

### Tancer ML, Economos K

Transvaginal repair of vesicovaginal fistulas. 36-42, Aug, oa

### Tatum HJ see Grimes DA

### Thomsen RJ

Soviet IUD: a quest. 17-24, Nov, oa

### Thorp JA see Yeast JD

### Timmons MC see Chez RA

### Towers CV, Garite TJ

Fetal arrhythmia exceeds logic of fetal monitor. 8-10, Apr, elm

Fetal-to-maternal bleeding. 14-16, Aug, elm

### Townsend DE

More tips on gyn resectoscopy. 156, May, et

Real world of office hysteroscopy. 166, Jan, et

### Trimmer-Tritsch IE

Taking advantage of transvaginal sonography. 124, Sep, et

### Troyer LR see Porreco RP

### Tsang RC see Demarini S

### Turner ET

Danazol for uterine myomas. 138-143, Feb, et

### Tyrer LB, Rothbart B, Anderson KL

Helping adolescents make the right contraceptive choice. 37-52, Mar, oa

### Van Coevering RJ

Cost deters autologous transfusion. 124-127, Sep, et

### Wallach EE, Freeman JM, Oski FA

When a child is brain-damaged. 11-16, Sep, pc

Wallach EE, Luciano A, Rock JA, Zacur H

New vistas for endoscopy: today and tomorrow. 84-96, T90, sy

### Wendel GD, Gilstrap LC

Syphilis rise calls for accurate diagnosis. 37-46, Jun, oa

### White S, Larsen B

Measles in pregnancy. 57-65, Sep, oa

### Williams CL, Strobino BA

Lyme disease transmission during pregnancy. 48-64, Jun, oa

### Williams LW, Hoskins WJ

Can cytoreductive surgery aid ovarian cancer survival? 13-24, Jul, oa

### Wilson MD see Anderson JR

### Witkin SS

Chronic recurrent vaginal candidiasis. 56-67, Jul, oa

### Wolf DP see Speroff L

### Wright TC

Mechanisms that control the cell cycle. 85-106, Jan, oa

### Wright TC, Richart RM

Lesion present for 2 months. 25-34, Jan, pc

Puzzling vulvar mass in a reproductive-age woman. 23-28, May, pc

Vulvar lesion in a 23-year-old. 65-72, Apr, pc

### Yeast JD, Cohen GR, Thorp JA

Assessing fetal monitoring. 12, Aug, et

### Youngblood JP

Paravaginal fascial defect repair for SUI. 28-35, S90, oa

Role of hysterectomy in paravaginal surgery. Author's reply. 95, Oct, et

### Youngstrom P see O'Grady JP

### Zacur H see Wallach EE

Quadruplets gains \$15.25 million verdict. 126, S90, mu

Reproductive surgery and the DES uterus. 97-102, S90, oa

Third-trimester bleeding episodes tied to fetal distress. 164, May, mu

Toxoplasmosis. 13, 16, Mar, oa

Uses of GnRH analogs in IVF/GIFT. 22, Jun, oa

Vaginal delivery made despite breech presentation. 187, 190, mu

When a child is brain-damaged. 11-16, Sep, pc

## EDITORIAL INDEX

Why congenital rubella continues to occur. 50, 53, Aug, oa

Yet another case of forceps vs. C/S. 144, Feb, mu

### ABORTION

Abortion battle raging from state to global levels. 89-90, Oct, mu

Abortion statute no protection for defendant. 128, Sep, mu

Alternatives to abortion. 119-120, Aug, et

Bacteremia and septic shock. 39, Apr, oa

Detecting signs and symptoms of incompetent cervix. 37-46, Oct, oa

Fetal reduction during the first trimester. 29-34, Aug, oa

Genetic causes of spontaneous abortion. 25-40, Sep, oa

Guidelines for choosing prophylactic antibiotics. 29, 32, Oct, oa

Helping adolescents make the right contraceptive choice. 49, Mar, oa

Illegal to dispose of abortions in sewage. 127, Dec, mu

Legal abortion in the US: trends and mortality. 58-69, Feb, oa

Patient claims failed tubal ligation led to unwanted abortion. 177, 190, mu

Preeclampsia-eclampsia: valid treatment approaches. 90, Aug, oa

Pregnancy undetected when hormone injected. 109-124, Jul, mu

Pro-life advocates will face lawsuit. 190, 190, mu

Soviet IUD: a quest. 19, Nov, oa

Spontaneous abortion after IVF and ET. 146, Aug, nl

Three abortions complicate mother's MS. 90, Oct, mu

Treating the problem pregnancy without surgery. 150, 152, 158, 190, oa

Tubal sterilization: epidemiology of regret. 22, Oct, oa

X-ray cited as reason for abortion. 144, Aug, mu

### ABORTION, SPONTANEOUS

Bad rap for IUDs? 21, Feb, et

Diabetes mellitus: ways of individualizing care. 68-78, Jul, oa

IVF clinics: Are the programs delivering what they promise? 142, 190, oa

Managing SLE during pregnancy. 67-75, Jun, oa

Measles in pregnancy. 61, Sep, oa

Reproductive surgery and the DES uterus. 97-102, S90, oa

Reviewing spontaneous abortion rates. 176, May, nl

### ABRUPTIO PLACENTAE

Cocaine and abortion. 13-19, Apr, oa

Staying alert for placental abruption. 85-98, Sep, oa

### ABSORPTIOMETRY

Eidronate combats osteoporosis by reducing bone resorption. 150, Aug, nl

Predicting hip fracture. 146, Aug, nl

### ACCIDENT PREVENTION

Chemical dangers to reproduction—what the clinician can do. 130, Jan, oa

### ACETIC ACID

Wrong acid solution inflicts vaginal burns. 141, Aug, mu

### ACIDOSIS

Can induced FHR accelerations guarantee fetal well-being? 170-172, Jan, et

Can induced FHR accelerations guarantee fetal well-being? Author's reply. 172, Jan, et

Preeclampsia-eclampsia: valid treatment approaches. 95, Aug, oa

Should we lower the C/S rates? 81, 190, oa

What causes neonatal hypocalcemia? 111, May, oa

### ACUSTIC STIMULATION

How a modified NST improves fetal surveillance. 45-48, May, oa

### ACTINOMYCOSIS

Bad rap for IUDs? 21, Feb, et

### ACYCLOVIR

Dangers of varicella-zoster virus infection. 57, Apr, oa

Genital herpes infections. 87, 88, May, oa

Varicella infection: Expedite delivery? 15, Nov, et

Varicella infection: Expedite delivery? Author's reply. 15, Nov, et

### ADENOCARCINOMA

New ways of managing endometrial hyperplasia. 40, Dec, oa

### ADHESIONS

How good are the new adhesion-reduction adjuncts? 81-84, Mar, oa

Performing safe laser laparoscopy. 82, S90, sy

Pitfalls of endoscopic laser surgery. 124-141, May, sy

Preventing microsurgical adhesions. 176, Mar, nl

Recent advances in adhesion prevention. 14-26, S90, oa

### ADMINISTRATION, CUTANEOUS

Advantages of transdermal progestagen. 12, S90, nl

### ADNEXA UTERI

Guidelines for choosing prophylactic antibiotics. 27, 29, Oct, oa

Unexpected problems at cesarean section. 87, 89, Mar, oa

### ADOLESCENCE

Abnormal uterine bleeding needs a special approach. 51-68, May, oa

Breast exam: protect, reassure, educate. 41-57, Feb, oa

Caring for teenagers with salpingitis. 103-111, Aug, oa

Disorders leading to amenorrhea. 67-82, Sep, oa

Helping adolescents make the right contraceptive choice. 37-52, Mar, oa

Principles of vulvoplasty put into practice. 75-92, S90, oa

### ADOPTION

Adoptive parents' actions restricted. 132, Sep, mu

### ADRENAL CORTEX HORMONES

Managing SLE during pregnancy. 70, 74, Jun, oa

Recent advances in adhesion prevention. 16, S90, oa

ADRENAL HYPERPLASIA, CONGENITAL

Genetic screening for mendelian disorders. 66, 67, Aug, oa

Aging: mean truth between the extremes. 8-11, Nov, et

Preparing for the inevitable. 8-11, Oct, et

### AIDS

How perinatal HIV-1 transmission affects infant mortality. 181, Jan, nl

Long-term zidovudine therapy safe and effective. 172, May, nl

STD: assessing the last decade and the next. 70, Dec, oa

### ALCOHOLISM

Does alcoholism cause osteoporosis? 182-186, Jan, nl

Johns Hopkins institutes drug and alcohol testing. 187, 190, mu

Pregnant drinker freed from child abuse charge. 168, May, mu

### ALKALOSIS

What causes neonatal hypocalcemia? 111, May, oa

### ALLERGENS

Chronic recurrent vaginal candidiasis. 59, Jul, oa

### AMANTADINE

Preventing and treating viral influenza during pregnancy. 54, Nov, oa

### AMENORRHEA

Disorders leading to amenorrhea. 67-82, Sep, oa

Treating myomas and endometriosis with GnRH analogs. 33, Feb, oa

What factors underlie premature ovarian failure? 31-42, May, oa

### AMNIOCENTESIS

Amniocentesis leads to loss of baby's right eye. 142, Aug, mu

Diabetes mellitus: ways of individualizing care. 77, Jul, oa

### AMNION

Meeting the challenge of dystocia in primigravida. 54-63, Oct, oa

Placental lesion: squamous metaplasia of amnion. 98, Oct, pq

### AMNIOTIC FLUID

How a modified NST improves fetal surveillance. 46, May, oa

Latest methods of determining fetal lung maturity. 89-94, Feb, oa

Placental lesion: squamous metaplasia of amnion. 12, Oct, pq

Tap test for fetal lung maturity. 43-44, Sep, cd

Why fetal monitoring remains a good idea. 79, 80, Feb, oa

### AMOXICILLIN

Lyme disease transmission during pregnancy. 60, Jun, oa

### AMPICILLIN

Group B streptococcus still poses a challenge. 97, 98, 104, May, oa

Guidelines for choosing prophylactic antibiotics. 29, Oct, oa

Post-hysterectomy cuff and pelvic cellulitis. 43, Nov, oa

### ANAPHYLAXIS

Anaphylactic therapy: What is optimal? 168, Jan, et

### ANATOMY

Paravaginal fascial defect repair for SUI. 28-35, S90, oa

### ANDROGENS

Disorders leading to amenorrhea. 67-82, Sep, oa

Sexual dysfunction in postmenopausal women. 30, Mar, oa

### ANEMIA

Abnormal uterine bleeding needs a special approach. 51-68, May, oa

Fetal-to-maternal bleeding. 14-16, Aug, elm

Potential uses of recombinant human erythropoietin. 42, 43, Apr, oa

### ANEMIA, SICKLE CELL

Genetic screening for mendelian disorders. 62, Aug, oa

### ANESTHESIA

Abnormal uterine bleeding needs a special approach. 61, May, oa

Anesthesia for newborn circumcision. 108-112, Jan, cd

Cerebral palsy linked to paracervical blocks. 170, May, mu

Detecting signs and symptoms of incompetent cervix. 37, 38, Oct, oa

Fine-needle aspiration of breast masses. 25-32, 190, cd

Forces delivery blamed for child's facial injury. 178, Jan, mu

Hysteroscopic resection of submucous myomas. 59, 60, S90, oa

Legal abortion in the US: trends and mortality. 60, Feb, oa

Low risk of methemoglobinemia with local anesthetics. 158, May, et

Low risk of methemoglobinemia with local anesthetics. Author's reply. 158, May, et

Performing cholecystectomy by laser laparoscopy. 10, 190, oa

Recognizing aspiration pneumonia. 62, 65, 68, Mar, oa

Reducing prolapsed membranes. 48, Oct, cd

Role exists for vaginal instrumental delivery. 50, 190, oa

Unexpected problems at cesarean section. 87, Mar, oa

### ANESTHESIA, EPIDURAL

Meeting the challenge of dystocia in primigravida. 58, 63, Oct, oa

Must epidurals always imply instrumental delivery? 19-27, Aug, oa

### ANEUPLOIDY

Exploring clinical applications of quantitative cytometry. 104, 109, 114, Mar, sy

Genetic causes of spontaneous abortion. 31, 32, Sep, oa

### ANGIOGRAPHY

Strategies for managing emboli in pregnancy. 124, Jan, oa

### ANOREXIA NERVOSA

Disorders leading to amenorrhea. 168, Sep, oa

### ANOVULATION

Abnormal uterine bleeding needs a special approach. 51-68, May, oa

### ANOXEMIA

Recognizing aspiration pneumonia. 66, Mar, oa

### ANTIBIOTICS

Absorbable staples' value after hysterectomy. 109, S90, oa

Endometritis, perforated intestine lead to gangrene. 168, Mar, mu

Guidelines for choosing prophylactic antibiotics. 27-32, Oct, oa

Postpartum endometritis. 29-34, Dec, oa

Preventing postpartum endometritis. 11, S90, nl

STD: assessing the last decade and the next. 58-70, Dec, oa

TSS—still important. 23-24, Feb, oa

### ANTIBODIES

Caring for teenagers with salpingitis. 103-111, Aug, oa

Group B streptococcus still poses a challenge. 97, May, oa

Lyme disease transmission during pregnancy. 48-64, Jun, oa

Managing SLE during pregnancy. 67-75, Jun, oa

Performing cholecystectomy by laser laparoscopy. 10, 190, oa

Toxoplasmosis. 13, 16, Mar, oa

TSS—still important. 23-24, Feb, oa

Who benefits from intrauterine insemination with washed sperm? 65-67, 74, Oct, sy

### ANTIBODIES, MONOCLONAL

Monoclonal antibodies' role in combating gyn malignancies. 109-120, Feb, sy

### ANTICOAGULANTS

Managing SLE during pregnancy. 67-75, Jun, oa

### ANTIFUNGAL AGENTS

Chronic recurrent vaginal candidiasis. 56-67, Jul, oa

### ANTIGENS

Screening for hepatitis B: why, how, who? 12, 190, oa

Strategies for managing emboli in pregnancy. 114, Jan, oa

### AORTA, ABDOMINAL

Surgical management of the hemorrhaging patient. 42, S90, oa

Consider prostaglandin gel for cervical ripening. 15, Nov, et

Consider prostaglandin gel for cervical ripening. Author's reply. 15, Nov, et

Labor induction by prostaglandin gel. 143, Feb, et

Labor induction by prostaglandin gel. Author's reply. 143, Feb, et

### LABOR, PREMATURE

Adult respiratory distress syndrome. 50, Sep, oa

Charge two physicians failed to perform cerclage. 180, 190, mu  
Conflict over efficacy of tocolytic therapy. 167, Mar, mu

Detecting signs and symptoms of incompetent cervix. 37-46, Oct, oa

Home uterine activity monitoring: Essential tool or expensive accessory? 114-123, 190, oa

Multifetal pregnancy reduction. 91-94, 190, cd

Reducing prolapsed membranes. 48-53, Oct, cd

Reproductive surgery and the DES uterus. 98, S90, oa

### LACTATION DISORDERS

Breast exam: protect, reassure, educate. 51, 52, Feb, oa

Disorders leading to amenorrhea. 70, Sep, oa

### LAMINARIA

Detecting signs and symptoms of incompetent cervix. 38, Oct, oa

More tips on gyn resectoscopy. 156, May, et

More tips on gyn resectoscopy. Author's reply. 156-158, May, et

### LAPAROSCOPY

Case for unilateral sterilization. 125-132, 190, oa

Chronic sequelae of salpingitis. 13-16, Jan, oa

Electrosurgery's advantages and disadvantages. 43, T90, oa

Gynecologist's competence questioned. 127, Dec, mu

How good are the new adhesion-reduction adjuncts? 81-84, Mar, oa

Merits of other options. 132-134, 190, oa

Minimal endometriosis: To treat or not to treat? 131-135, Mar, et

New vistas for endoscopy: today and tomorrow. 86, T90, oa

Performing cholecystectomy by laser laparoscopy. 9-23, T90, oa

Performing safe laser laparoscopy. 76-89, S90, sy

Pitfalls of endoscopic laser surgery. 124-141, May, sy

Selecting a laser in 1990. 50, Dec, oa

Transcervical approaches to proximal tubal obstruction. 84, Nov, oa

Treating the problem pregnancy without surgery. 149, 157, 190, oa

Type of surgical tool crucial to outcome of laparoscopy. 168-170, Jan, et

Type of surgical tool crucial to outcome of laparoscopy. Author's reply. 170, Jan, et

Unusual and non-gyn uses of laparoscopy—a roundup. 55-58, S90, oa

### LAPAROTOMY

Adult respiratory distress syndrome. 52, Sep, oa

Can cytoreductive surgery aid ovarian cancer survival? 14, Jul, oa

Monoclonal antibodies' role in combating gynecological malignancies. 110, Feb, sy

Pitfalls of endoscopic laser surgery. 141, May, sy

Second thoughts about second-look laparotomy. 11-12, S90, nl

Treating the problem pregnancy without surgery. 158, 190, oa

### LASERS

Electrosurgery's advantages and disadvantages. 43, 44, 47, T90, oa

Recent advances in adhesion prevention. 16, S90, oa

Roundup of surgical lasers. 99-133, T90, oa

Selecting a laser in 1990. 49-57, Dec, oa

Vulvar lesion in a 23-year-old. 72, Apr, pq

### LAWSUITS

A \$400,000 settlement for kidney-related ills. 168, Mar, mu

Abortion statute no protection for defendant. 128, Sep, mu

Adoptive parents' actions restricted. 132, Sep, mu

Amniocentesis leads to loss of baby's right eye. 142, Aug, mu

Baby healthy but plaintiff wins sterilization case. 161, May, mu

Bupivacaine HCl cited as cause of defects. 144-146, Feb, mu

Conflict over efficacy of tocolytic therapy. 167, Mar, mu

Correctness of tubal fimbriectomy at issue. 161, May, mu

Damages assessed for breach of government service. 128, Sep, mu

Disorder blamed on mother's D & C. 90-92, Oct, mu

Doctor advises parents not to view dead infant. 190, 190, mu

Failed sterilization leads to pain-and-suffering award. 124, Jul, mu

Failure to order mammograms cited. 142, Aug, mu

Failure to perform C/S in double-footing breech birth. 144, Aug, mu

Half a sponge causes full infection. 142-144, Aug, mu

Hospital staff not liable for breach of confidentiality. 124, Jul, mu

How we can lower the C/S rate. 64, 190, oa

IUD creates infection; physician loses suit. 170, May, mu

Jury rejects claim birth control pills caused pulmonary embolism. 124, Jul, mu

Mother did not expect triplets. 167, Mar, mu

Patient claims failed tubal ligation led to unwanted abortion. 177, 190, mu

Patient claims she didn't consent to sterilization. 170, May, mu

Pelvic abscess attributed to HSG. 92, Oct, mu

Physician sued for delay in performing hysterectomy. 120-125, Nov, mu

Physicians as witnesses: detriment or duty? 73-76, Dec, et

Pregnant woman transferred to inadequate facility. 141, Aug, mu

Pro-life advocates will face lawsuit. 190, 190, mu

Retained placental fragments blamed for uterine bleeding. 141, Aug, mu

Standards of care can pose problems but also accord protection. 76, Apr, et

Standards of care can pose problems but also accord protection. Author's reply. 76-78, Apr, et

Teenager's death linked to DES taken by grandmother. 166-168, May, mu

Third-trimester bleeding episodes tied to fetal distress. 164, May, mu

Uterine puncture and damaged intestine follow D & C. 146, Feb, mu

When a child is brain-damaged. 15, Sep, pc

Why add to our trials? 9-10, Jul, ed

Wrongful death of fetus after hospital employee contracts hepatitis. 177, 190, mu

**LEGICITHIN**

Latest methods of determining fetal lung maturity. 89-94, Feb, oa

Legislation

Abortion battle raging from state to global levels. 89-90, Oct, mu

Emergency decision to force a C/S on dying patient overturned. 89, Oct, mu

Illegal to dispose of abortuses in sewage. 127, Dec, mu

**LEIOMYOMA**

Treating myomas and endometriosis with GnRH analogs. 26-36, Feb, oa

Unexpected problems at cesarean section. 90, Mar, oa

**LEUPROLIDE**

Hysteroscopic resection of submucous myomas. 60, S90, oa

Treating myomas and endometriosis with GnRH analogs. 27, Feb, oa

**LEVONORGESTREL**

Long-acting progestin contraceptives. 59, 60, T90, oa

**LEYDIG CELLS**

Searching for the testis-determining factor. 22-32, Apr, oa

**LH**

Disorders leading to amenorrhea. 67-69, 71, 75, 79, Sep, oa

Uses of GnRH analogs in IVF/GIFT. 10-24, Jun, oa

What factors underlie premature ovarian failure? 31-42, May, oa

Who benefits from intrauterine insemination with washed sperm? 71, 72, Oct, sy

**LIBIDO**

Sexual dysfunction in postmenopausal women. 30, Mar, oa

**LICENSURE**

IVF clinics: Are the programs delivering what they promise? 146, 190, oa

US will be watching disciplined physicians. 89, Oct, mu

**LIDOCaine**

Anesthesia for newborn circumcision. 108-112, Jan, cd

Long-acting progestin contraceptives. 61, T90, oa

Low risk of methemoglobinemia with local anesthetics. 158, May, et

Low risk of methemoglobinemia with local anesthetics. Author's reply. 158, May, et

Real world of office hysteroscopy. 166, Jan, et

**LIFE EXPECTANCY**

The golden years don't always glisten. 8, Sep, ed

**LIPIDS**

Latest methods of determining fetal lung maturity. 89-94, Feb, oa

**LIPOPROTEINS**

Current perspectives on low-dose OCs. 20, Dec, oa

Hormone replacement therapy: risk vs. benefit. 192, 190, et

Hormone replacement therapy: risk vs. benefit. Author's reply. 192, 190, et

Treating myomas and endometriosis with GnRH analogs. 34, Feb, oa

**LIVER DISEASES**

Current recommendations for viral hepatitis. 56, 57, 65, 69, Nov, oa

**LONGEVITY**

The golden years don't always glisten. 8, Sep, ed

**LUNG**

Latest methods of determining fetal lung maturity. 89-94, Feb, oa

Recognizing aspiration pneumonitis. 61-78, Mar, oa

Strategies for managing emboli in pregnancy. 121, Jan, oa

Unusual and non-gyn uses of laparoscopy—a roundup. 56, S90, oa

**LUPUS ERYTHEMATOSIS, SYSTEMIC**

Managing SLE during pregnancy. 67-75, Jun, oa

Can cytoreductive surgery aid ovarian cancer survival? 13-24, Jul, oa

Current perspectives on low-dose OCs. 19, Dec, oa

Dairy products may increase risk of ovarian cancer. 172, Mar, nl

Exploring clinical applications of quantitative cytometry. 114, Mar, sy

Monoclonal antibodies' role in combating gyn malignancies. 110, Feb, sy

Second thoughts about second-look laparotomy. 11-12, S90, nl

Surgical staging of ovarian cancer critical. 196, 190, nl

Unexpected problems at cesarean section. 90, 95, Mar, oa

### OVARY

Sexual dysfunction in postmenopausal women. 32, Mar, oa

### OVULATION

Long-acting progestin contraceptives. 70, 190, oa

Who benefits from intrauterine insemination with washed sperm? 71, 72, 77, Oct, sy

Why women eat less during ovulation. 170, Mar, nl

### OVULATION INDUCTION

New ways of managing endometrial hyperplasia. 43, Dec, oa

### OXYGEN CONSUMPTION

Bacteremia and septic shock. 38, Apr, oa

### OXYTOCIN

Consider prostaglandin gel for cervical ripening. 15, Nov, et

Consider prostaglandin gel for cervical ripening. Author's reply. 15, Nov, et

Fetal brain damage from external version attempt. 142, Aug, mu

FNH and contraction channels point to uterine rupture. 14-19, May, etm

How we can lower the C/S rate. 64, 68, 190, oa

Meeting the challenge of dystocia in primigravids. 54-63, Oct, oa

Most epidurals always imply instrumental delivery? 21, 22, Aug, oa

Role exists for vaginal instrumental delivery. 50, 190, oa

Staying alert for placental abruption. 98, Sep, oa

Surgical management of the hemorrhaging patient. 37-52, S90, oa

Why fetal monitoring remains a good idea. 79, Feb, oa

Yet another case of forceps vs. C/S. 144, Feb, mu

### PAIN

Chronic sequelae of salpingitis. 16, Jan, oa

Dangers of varicella-zoster virus infection. 51-57, Apr, oa

Genital herpes infections. 83-91, May, oa

Staying alert for placental abruption. 86, 96, Sep, oa

### PAP TESTS

Arguments against routine clinical use of HPV assays. 43, 190, oa

Examining the aging cervix. 27, Nov, oa

How HPV testing helps the clinician. 32, 190, oa

Wrong call on Pap smear leads to suit. 142-144, S90, mu

### PAPILLOMA

Breast exam: protect, reassure, educate. 51, Feb, oa

### PAPILLOMAVIRUSES

Arguments against routine clinical use of HPV assays. 34-46, 190, oa

Clinician's guide to counseling patients with chronic vaginitis. 37-44, Jan, oa

How HPV testing helps the clinician. 31-34, 190, oa

How to select a cryosurgical unit. 80, T90, oa

Papillomavirus as a cause of cervical cancer. 154, Feb, nl

Vulvar lesion in a 23-year-old. 65-72, Apr, pq

### PARATHYROID HORMONES

What causes neonatal hypocalcemia? 112, 117, May, oa

### PARVOVIRUS

Do B19 infections pose a risk during pregnancy? 186, Jan, nl

### PATIENT CARE TEAM

Current recommendations for viral hepatitis. 61, 66, 75, Nov, oa

Partners in the delivery room: a natural evolution. 8-11, Aug, ed

### PATIENT EDUCATION

Abnormal uterine bleeding needs a special approach. 51-68, May, oa

Alternatives to abortion. 119-120, Aug, et

Future of the specialty. 136-151, Jan, sy

Is tocodynamometry useful? Yes. 109, 190, oa

IVF clinics: Are the programs delivering what they promise? 145, 190, oa

Lessons from the Eastern front. 9-10, Jan, ed

Preparing for the inevitable. 8-11, Oct, ed

Teaching patients about genital self-examination. 176, May, nl

### PEER REVIEW

Physicians as witnesses: detriment or duty? 73-76, Dec, et

### PELVIC EXENTERATION

Bulbocavernosus reconstruction after exenteration. 57-59, Mar, oa

### PELVIC INFLAMMATORY DISEASES

Bad rap for IUDs? 14-21, Feb, et

OCs may decrease risk of chlamydial PID. 130, Nov, nl

STD: assessing the last decade and the next. 63, 68, Dec, oa

Vaginal douching may increase risk of PID. 140, Nov, nl

### PELVIMETRY

Meeting the challenge of dystocia in primigravids. 54-63, Oct, oa

### PENICILLINS

Group B streptococcus still poses a challenge. 97, 98, May, oa

Guidelines for choosing prophylactic antibiotics. 27, Oct, oa

Lyme disease transmission during pregnancy. 48-64, Jun, oa

Post-hysterectomy cuff and pelvic cellulitis. 43, 46, Nov, oa

Postpartum endometritis. 32, Dec, oa

STD: assessing the last decade and the next. 58, 59, Dec, oa

Syphilis rise calls for accurate diagnosis. 43, 44, Jun, oa

### PEPTIDES

Mechanisms that control the cell cycle. 104, Jan, oa

What factors underlie premature ovarian failure? 38, May, oa

### PHARMACOLOGY

Strategies for managing emboli in pregnancy. 113-126, Jan, oa

What causes neonatal hypocalcemia? 107-121, May, oa

### PHENYLKETONURIA

Genetic screening for mendelian disorders. 68, Aug, oa

### PHENYTOIN

Phenytoin promising but not proven. 138, Feb, et

### PHLEBOGRAPHY

Strategies for managing emboli in pregnancy. 124, Jan, oa

### PHOSPHATIDYLCHOLINES

Latest methods of determining fetal lung maturity. 89-94, Feb, oa

### PHOSPHATIDYLGLYCEROLS

Latest methods of determining fetal lung maturity. 89-94, Feb, oa

### PHYSICIAN IMPAIRMENT

Gynecologist's competence questioned. 127, Dec, mu

### PIPERACILLIN

Post-hysterectomy cuff and pelvic cellulitis. 43, Nov, oa

### PITUITARY HORMONE-RELEASING HORMONE

Treating myomas and endometriosis with GnRH analogs. 26-36, Feb, oa

Uses of GnRH analogs in IVF/GIFT. 10-24, Jun, oa

### PLACENTA

Placental lesion: squamous metaplasia of amnion. 12, 38, Oct, pq

### PLACENTA ACCRETA

Placenta previa and related disorders. 65, Jan, oa

### PLACENTA PREVIA

Failure to disclose witness to defense leads to loss of suit. 167-168, Mar, mu

Placenta previa and related disorders. 48-68, Jan, oa

Taking advantage of transvaginal sonography. 124, Sep, et

Taking advantage of transvaginal sonography. Author's reply. 124, Sep, et

### PLASMAPHERESIS

Dextran 70 stays in circulation. 135-136, Mar, et

### PLASMINOGEN ACTIVATORS

How good are the new adhesion-reduction adjuvants? 81, 83, Mar, oa

Recent advances in adhesion prevention. 22, S90, oa

PLATELET-DERIVED GROWTH FACTOR

Mechanisms that control the cell cycle. 85, 94, Jan, oa

### PNEUMONIA

Dangers of varicella-zoster virus infection. 51-57, Apr, oa

Group B streptococcus still poses a challenge. 94, May, oa

Preventing and treating viral influenza during pregnancy. 51, 51, Nov, oa

### PNEUMONIA, ASPIRATION

Recognizing aspiration pneumonia. 61-78, Mar, oa

### PODOPHYLLOM

Vulvar lesion in a 23-year-old. 65-72, Apr, pq

### POLYCYSTIC OVARY SYNDROME

Abnormal uterine bleeding needs a special approach. 61, May, oa

## EDITORIAL INDEX

Alternatives to abortion. 119-120, Aug, et  
Caring for teenagers with salpingitis. 103-111, Aug, oa

### SEX DIFFERENTIATION, TESTIS

Searching for the testis-determining factor. 22-32, Apr, oa

### SEX EDUCATION

Help! The gap is widening. 7-8, Mar, ed  
Helping adolescents make the right contraceptive choice. 37-52, Mar, oa  
STD: assessing the last decade and the next. 68, Dec, oa

### SEX PARTNERS

Caring for teenagers with salpingitis. 110, Aug, oa  
People want to be notified of HIV exposure. 125, Nov, mu  
Sexual dysfunction in postmenopausal women. 25-32, Mar, oa  
Vulvar lesion in a 23-year-old. 65-72, Apr, pq

### SEXUAL DYSFUNCTION

Conservative management of vulvar cancer. 27-35, Jun, oa  
Sexual dysfunction in postmenopausal women. 25-32, Mar, oa

### SEXUALLY TRANSMITTED DISEASES

Anticoagulants: How safe are they during pregnancy? 182, Jan, nl  
Caring for teenagers with salpingitis. 103-111, Aug, oa  
Group B streptococcus still poses a challenge. 93-104, May, oa  
Helping adolescents make the right contraceptive choice. 37-52, Mar, oa  
Lesion present for 2 months. 25, Jan, pq  
STD: assessing the last decade and the next. 58-70, Dec, oa  
Teaching patients about genital self-examination. 176, May, nl  
Vulvar lesion in a 23-year-old. 65-72, Apr, pq

### SMOKING

"Low-yield" cigarettes still hazardous. 150-154, Feb, nl  
Lesion present for 2 months. 25-34, Jan, pq  
Reducing risk of hip fracture in elderly. 172, May, nl

### SOCIOECONOMIC FACTORS

CDC projections on spina bifida. 149-150, Feb, nl  
Help! The gap is widening. 7-8, Mar, ed  
How we can lower the C/S rate. 72, 190, oa  
Tubal sterilization: epidemiology of regret. 19, 23, Oct, oa

### SODIUM ETIDRONATE

Etidronate combats osteoporosis by reducing bone resorption. 146-150, Aug, nl  
New study confirms osteoporosis treatment. 134, Sep, nl

### SORBITOL

More tips on gyn resectoscopy. 156, May, et  
More tips on gyn resectoscopy. Author's reply. 156-158, May, et

### SPERM-OVUM INTERACTIONS

Who benefits from intrauterine insemination with washed sperm? 74, Oct, sy

### SPERMATOZOA

Who benefits from intrauterine insemination with washed sperm? 65-77, Oct, sy

### SPINA BIFIDA

CDC projections on spina bifida. 149-150, Feb, nl

### SPIROCHETES

Lyme disease transmission during pregnancy. 48-64, Jun, oa

### SPONTANEOUS ABORTION

Minimal endometriosis: To treat or not to treat? 131-135, Mar, et  
Minimal endometriosis: To treat or not to treat? Author's reply. 135, Mar, et

### STANDARDS OF CARE

Child's seizures linked to mother's. 142, S90, mu

Physicians as witnesses: détriment or duty? 73-76, Dec, et

Primer on malpractice principles and procedures. 119-120, Nov, mu  
Should we lower the C/S rates? 76, 190, oa

Standards of care can pose problems but also accord protection. 76, Apr, et  
Standards of care can pose problems but also accord protection. Author's reply. 76-78, Apr, et

Why add to our trials? 9-10, Jul, ed  
Widely varying mammogram results figure in suit. 123-126, S90, mu

### STAPHYLOCOCCUS AUREUS

Preventing and treating viral influenza during pregnancy. 52, Nov, oa  
TSS—still important. 23-24, Feb, oa

### STAPLERS, SURGICAL

Absorbable staples' value after hysterectomy. 105-120, S90, oa

### STATISTICS

Current perspectives on low-dose OCs. 16, 19, Dec, oa  
Legal abortion in the US: trends and mortality. 58-69, Feb, oa  
STD: assessing the last decade and the next. 63, Dec, oa

### STERILIZATION, SEXUAL

Baby healthy but plaintiff wins sterilization case. 161, May, mu  
Case for unilateral sterilization. 125-132, 190, oa  
Correctness of tubal lmbriectomy at issue. 161, May, mu  
Failed sterilization leads to pain-and-suffering award. 124, Jul, mu  
Merits of other options. 132-134, 190, oa  
New vistas for endoscopy: today and tomorrow. 85, T90, oa  
Patient claims failed tubal ligation led to unwanted abortion. 177, 190, mu  
Patient claims she didn't consent to sterilization. 170, May, mu  
Tubal sterilization: epidemiology of regret. 15-24, Oct, oa

### STREPTOCOCCAL INFECTIONS

Caring for teenagers with salpingitis. 104, Aug, oa  
Group B streptococcus still poses a challenge. 93-104, May, oa  
Preventing and treating viral influenza during pregnancy. 52, Nov, oa

### SUBSTANCE ABUSE

Cocaine and abortion. 13-19, Apr, oa  
Inappropriate treatment or mother's drug habit? 178, 190, mu  
Neonatal effects of in utero exposure to hard drugs. 195-196, 190, nl

### SUCKING BEHAVIOR

When a child is brain-damaged. 12, 15, Sep, pc

### SULFADIAZINE

Toxoplasmosis. 16, Mar, oa

### SURFACTANTS

New drug combats respiratory distress syndrome. 130, Nov, nl

### SURGERY

Absorbable staples' value after hysterectomy. 105-120, S90, oa  
Adult respiratory distress syndrome. 50, Sep, oa
